SAVING TRAIL LANDS

"Buy a home site on the Appalachian Trail?"

Interested? But think what it does to the incentive to hike the trail. Yet, right after WWII, this was the situation we found ourselves in, when a developer purchased the top of the mountain around Mt. Laurel Church and laid out the little community of Piketown. He even registered his one street with Dauphin County as Appalachian Trail. And when Earl Shaffer recommended relocation of Appalachian Trail, the developer threatened to sue because we were depriving him of the value of his property, depriving him of the desirability of his lot sites.

For the past half century our trails have been under pressure from developers waiting to capitalize on the name of the Appalachian Trail or other well known trails. This has been the driving force behind our efforts to secure state or national protection for our trails. We have ran the gauntlet from bike riders, recreational vehicles to developers. We even had one Governor, whose help we sought, think about it a bit and then suggest that it was a good idea, but the Trail should be paved so that the everybody could also enjoy it.

Recognizing this problem was what led me to seek Jean Stephenson's help in uniting the Pennsylvania Trail Clubs into the Keystone Trails Association. After the fight to **Save Stony Valley**, and

realizing the need of a gap filling conservancy to help save sites beyond the scope of Nature Conservancy, it also led to the formation of the **Central Pennsylvania Conservancy or CPC**

The CPC recently completed the purchase of the **Thousand Steps**, near Huntingdon, for KTA and the Mid-State Trail. and now is in the process of completing the purchase of a tract in **Millers Gap**, which involves our own **Susquehanna Appalachian Trail Club** and our **Darlington Trail**.

We urge all of you who can to support the Millers Gap Project with a contribution as well as a membership in the Central Pennsylvania Conservancy.

The CPC is a fully qualified charitable organization under section 501.c.3. of the Internal Revenue Act, which means donations are deductible for Federal Income Taxes, memberships are not.

FROM THE PRESIDENT

THANKS . . .

All our volunteers deserve our thanks. The job of president is made so much easier because SATC is filled with good people who keep things running. Our members lead hikes, publicize hikes, plan events, bring food to events, serve on the board, serve on committees, keep the books, maintain the web site, publish the bulletin, assemble and fold the bulletin, compile the hike schedule, schedule speakers, advocate hiking safety, fight the ATV's, organize conferences, maintain the trail, improve the trail, promote the trail and smile during hikes. You are all so much appreciated.

SPECIAL VOTE OF THANKS . . .

Ron M Leik, our Auditor for many years, has decided to call it quits. We owe Ron a special vote of thanks for his many years of devoted service on behalf of the Club

CLUB INSURANCE . . .

Because some of our members are concerned about liability they may face as hike leaders, SATC's board of directors looked at the possibility of purchasing insurance of this type. We were unable to find an appropriate policy at a reasonable price. Instead, we'll have to rely on the legal protection that volunteers enjoy in Pennsylvania and on our own personal liability coverage. Almost all renter's and homeowner's policies provide personal liability coverage that covers the insured whenever they are acting as a volunteer, whether as a hike leader or in any other unpaid capacity. Anyone who is not satisfied with their coverage can increase it by contacting their insurance company and paying a modest increase in premiums.

OUTREACH . . .

Thanks to Jane Greber, Maura George and other SATC volunteers, the children of the Boys &

Girls Club in Harrisburg have been enjoying the wonders of hiking. Volunteers and donations are still appreciated. Please call Jane Greber (766-1913) if you're able to help.

UPDATES . . .

Protection of the Appalachian Trail on Saddleback Mountain in Maine is still being negotiated. . . . The new AT pedestrian bridge over Rt. 225 on Peters Mountain may be completed next summer. . . . The PA Fish Commission has repaired the parking lot at that location. . . . The Central Pennsylvania Conservancy has received another large grant for the protection of the Millers Gap property through which the Darlington Trail passes Relocation's of the Victoria and Darlington Trails are still in the works Planning is still underway for the 2001 Appalachian Trail Conference to be held in Shippensburg Mike Dougherty, a Wildlife Conservation Officer for the PA Game Commission, paid a friendly visit to our last board meeting SATC will become an ongoing member of the Capitol Area Greenbelt Association.

BUDGET MEETING . . .

The next board meeting, to be held at 7:00 p.m. in the meeting room of the East Shore Branch of the Dauphin County Library on September 26th, will be the annual budget meeting. I've asked our Treasurer, Clarence Fredlund to propose a budget for our consideration at the meeting. It's likely that an increase in SATC dues will be considered at the meeting as well. Any member who want to have input regarding SATC's budget or the amount of dues are encouraged to attend the meeting or to contact any of the board members with their opinions

Happy Hiking!

RALPH KINTER ELECTED TO ATC VOLUNTEER HONOR ROLL

Ralph Kinter, an active member of the Susquehanna Appalachian Trail Club since its founding in 1954, was selected as the SATC's representative to the Appalachian Trail Conference 75th Anniversary Honor Roll.

Only 75 members of the entire trail community were afforded this honor and recognized as "the soul of the Trail." In appreciation for his commitment to the Trail, Ralph received a certificate of acknowledgment and a wristband watch that features the Appalachian Trail diamond.

The Appalachian Trail Conference is the organization that coordinates the management and protection of the Appalachian Trail and counts our Susquehanna Appalachian Trail Club as one of the many volunteer maintenance clubs that comprise its membership.

Below is the text of the remarks given by Club Secretary Dick Martin upon presentation of the award to Ralph at the July quarterly meeting.

Congratulations, Ralph!

Katie Jones

"In 1954, Ralph was one of the three organizers and the first President of the Susquehanna Appalachian Trail Club. He worked with Earl Shaffer in creating the 69 mile relocation around Harrisburg, PA -- Earl scouted and Ralph mapped it. He helped to build the first shelter in the area, in Clark's Valley. He served as Trailmaster for the club for eight years; Conservation Chair for three years;

and has been Editor of the Bushwack Bulletin for the past fifteen years.

"Ralph helped protect the area of the A.T. on Stony and Sharpe Mountains in a protracted battle with PP&L (beginning in 1970 and not really ending 'till 1981). Ralph testified at the Trail Bill hearings, and then lobbied for seven years for the passage of those bills, which protected the Appalachian Trail and 17 other trails, until finally signed into Law in 1978.

"He was called upon by KTA to help quiet the Cumberland Valley controversy, helping form and serve as Secretary of PRO-TRAIL, which resulted in eliminating the infamous roadwalk across the Cumberland Valley and at long-last ensured the protection of the Trail in the Valley. A founder of the Keystone Trails Association in 1956, he went on to help found the Central Pennsylvania Conservancy as well.

"Using expertise gained in his career with the US Postal Service, he developed procedures for the club which produce remarkably detailed statistical analyses of club membership. His up-to-date knowledge of the current Postal Service regulations ensure that club mailings are done perfectly. He seems to find the right person for the job and always has followed through in mentoring the person to ensure that they are comfortable and succeed in the job.

"A Founder, Leader, Trail-builder, Forger of Partnerships, Innovator, Mentor, Friend He is all of these and more."

HOLIDAY PARTY

WHEN : Saturday, December 2, 2000, at 7:00 p.m.

WHERE : The West Shore Senior Citizens' Center
122 Geary St., New Cumberland, PA.

BRING: Covered Dish to Share.

The Party Committee for this year will be:
Katie Jones, 249-6727 Barbara Harvey, 766-7868
Anna Pruett 561-1968

The committee needs to know who is planning to come and what they intend to bring, or if you aren't sure what to bring, the committee can offer suggestions on what is needed.

Members are asked to bring along some of their favorite slides taken on this year's hikes and/or vacations. Please limit your presentation to 10-15 minutes and identify your slides with your name.

MILLER'S GAP UPDATE

On June 23, 2000, I attended a check presentation ceremony at Millers Gap, representing the Stony Valley Coalition. After the successful conclusion of the Stony Valley campaign, I had been elected one of the Trustees of funds that were left over. Our task was to oversee these funds until a suitable project came along compatible with the Stony Valley goals. The Trustees felt the Miller Gap project met those requirements.

Our group was one of many, all of which presented sizeable checks to help preserve some 70 acres of open space on top of Blue Mountain in Cumberland County. Perhaps the largest donation came in the form of a matching grant of \$80,000 from the Department of Environmental Affairs.

Most of Blue Mountain is already in State Game Lands, but there remain several inholdings, which developers try to obtain, thereby encroaching on open habitat. By the Central Pennsylvania Conservancy buying these lands and

adding them to the Game Commission holdings, they are preserving habitat for turkey, grouse, deer, rabbits, squirrel and an occasional black bear. At the same time they provide open space for hiking and hunting

But, while these funds help, the Central Pennsylvania Conservancy is not out of the woods financially as yet, as they have had to borrow from the Wild Lands Trust, and still have a balance to pay off. Therefore, personal contributions in any amount are welcomed and encouraged.

Contributions may be sent to the Central Pennsylvania Conservancy, P O Box 587, Harrisburg, PA 17108-0587. Make your check payable to CPC-Millers Gap Project, and include your name, address, and your organization. All contributions are tax deductible for the Federal Income Tax.

ELECTRIC COMPETITION

At our Oct. 10 meeting, Mr. John Hanger, will speak to our club about Pennsylvania's transition to electric competition.

Mr. Hanger is President and CEO of Citizens for Pennsylvania's Future (PennFuture). He served on the PUC from Apr. 1993 until Jun. 1998. Prior to that he served as legal counsel to PUC Commissioner Joseph Rhodes from 1988 to 1993.

Hopefully, Mr. Hanger can clear up some of the questions we all have concerning the elimination of the monopoly enjoyed by the public utilities.

AUDITOR NEEDED

As a result of Ron announcing his retirement as our auditor, we are looking for someone to perform an annual financial review of our books.

Here is an opportunity for someone, preferably an accountant or a retired accountant to serve the club in this capacity. It will entail a few hours every spring. If you think you would like this assignment, call Katie Jones at 249-6727.
