NEXT BUSHWACK BULLETIN

DEADLINE FOR INFORMATION TO EDITOR : FEBRUARY 1, 2003

Editor: Fred Cox, 610 Gale Road, Camp Hill, PA 17011 Tel. No.: 717-731-9348

Email: jfc1000@aol.com

ASSEMBLY FOR MAILING: 7:00 PM, February 21 at Fredricksen Library, 100 N 19th St., Camp Hill

Distribution Committee Chair: Susanne Donmoyer 545-5308

GENERAL HIKE INFORMATION

1. MEETING LOCATION

UNLESS OTHERWISE NOTED, all hikes on WEEKENDS and HOLIDAYS leave from FISHER PLAZA (ENTRANCE TO THE STATE LIBRARY) behind the State Capitol Building.

Should Fisher Plaza be closed, the alternate meeting site will be the parking island in front of the East Gate Office Center on 7th St. opposite the Herr St. underpass. Five additional minutes will be allowed at the alternate site.

2. TRANSPORTATION

If you ride with someone, you should give the driver **5 cents** times the hwy (highway) mileage shown in the hike schedule to help defray the cost of transportation. (Bring the correct amount).

3. REGISTER WITH HIKE LEADER FOR "D" AND "E" HIKES

For safety reasons, please register with the hike leader before showing up for D or E hikes unless the leader has hiked with you previously and knows your abilities.

4. NO PETS ALLOWED

5. PACK IN, PACK OUT (LEAVE NOTHING BEHIND)

6. SMOKING GUIDE LINES

The S.A.T.C. prefers that hikers refrain from the use of tobacco products during Club activities. Smokers are responsible for damage to the forests.

CODES FOR THE HIKES

Code	Short Description	Miles	Climbs
A	Easy [Excellent for Beginners]	Up to 6	Very little
B	Fairly Easy [Good for Beginners]	Up to 6	Some Easy
B+	Moderate	Up to 6	More Difficult
C	Fairly Moderate	7 to 9	Very little
C+	Strenuous	7 to 9	Several Significant
D	More Strenuous	10 to 12	Very Little
D+	Very Strenuous	10 to 12	Several Significant
E	Difficult	Over 12	Very little
E+	Very Difficult	Over 12	Very Rugged

In addition to assigning a code, leaders should describe the pace and footing where this is essential, such as: "Easy with moderate or fast pace;" or "Easy with nature stops "; or "Good footpath;" or "Rocky and rough;" etc.

From the President

Remembering Ralph Kinter. . .

SATC board members voted to pursue naming one of the overlooks on our section of the Appalachian Trail in honor of Ralph Kinter, recently deceased founder of SATC and trail volunteer extraordinaire. (See article on page 9.) The choice of this overlook, near the top of the Shikellimy Trail, is especially appropriate since it provides a view of the lands that Ralph worked so hard to protect.

Volunteers make this Club great! Many thanks to. . .

Jane Greber for volunteering to chair the Awards Committee. The committee will coordinate both the new NPS hours of service program awards and the hike leader and the Giant Boot awards given each year at the annual banquet.

Sylvia Miller for volunteering to coordinate refreshments at our quarterly meeting and to chair the Nominating Committee that will choose next year's director nominees.

Anna Pruett for chairing the Holiday Party committee, with many enjoyable activities already planned. See page 7 for details.

Fred Cox and Rob Shaw for sending out 117 reminder letters to Club members whose membership had expired. Renewals received to date have more than covered the cost of the mailing and we retain our valuable members (36 renewed).

Jeff Buehler and our trail crews for running several successful work trips this past quarter.

So many others who keep this club going!

Fire Towers . . .

The SATC board voted to support a moratorium on the sale, removal and destruction of fire towers on public lands. This moratorium would allow the feasibility of protecting and restoring existing fire towers, and opening the tops of fire towers to public access to be studied.

Endangered Trails . . .

SATC and Horse-Shoe Trail Club member John Stein's proposal to designate certain PA hiking trails as "endangered" gained unanimous support at the Fall meeting of the Keystone Trails Association. We hope to see increased action and publicity that will help protect the foot paths for these four trails from becoming merely "road walks": the Horse-Shoe Trail, the Baker Trail, the Mid State Trail and the Conestoga Trail. SATC maintains a section of the Horse-Shoe Trail.

(Continued from page 5)

Trails Book Deeply Discounted . . .

Due to overstocking, the book Pennsylvania Hiking Trails, 12th edition (1998), has been offered by the publisher, the Keystone Trails Association, to member clubs at a dramatic discount. This book was previously sold through this newsletter for \$12. It will now be offered for only \$5, which includes shipping. If any are left, they will be offered at SATC program meetings for \$3 (saves \$2 shipping fee), but there are only about 24 copies remaining. (Sixteen copies were snatched up at the October program meeting.) This book contains 254 pages stuffed with data and maps for trails throughout Pennsylvania. Be sure to get a copy for yourself. They make great Christmas presents for hikers too.

T-shirts by Mail . . .

Now, for the first time, you can order an attractive SATC T-shirt by mail. The shirt features the view of the Susquehanna River as seen from SATC's section of the Appalachian Trail. See page 11 for ordering information.

Save July 20th . . .

SATC's next picnic will be July 20th at Pinchot Park's Pavilion A. We'll enjoy the nearby lake and the Mason-Dixon Trail.

Happy Hiking!

Your President,

Katie Barker

Above the Tree Line In Memory of Gunther Van Elden

The husband of SATC member Thelma (Bolla) Van Elden has passed away. Gunther Van Elden died Thursday, September 19th at home in his sleep. Thelma is the daughter of Ruth and Elmer Bolla, two of the original 18 members of SATC who met for our Club's first hike on Sunday, April 4th, 1954. Ruth was SATC's second president and she and Elmer led many hikes in the early days of the Club. Gunther is also survived by two daughters and six grandchildren.

A gift will be made to the Appalachian Trail Conference in memory of all the SATC members who have died this year, including Gunther Van Elden.

CHRISTMAS PARTY

When: **Saturday, December 7, 2002 at 7:00 PM**

Where: **The West Shore Senior Citizens' Center
122 Geary Street, New Cumberland, PA**

Bring: **A Generous Covered Dish to Share
(Hikers are big eaters)**

Committee: Barbara Harvey (766-7868)
Katie Barker (249-6727) and
Anna Pruett (561-1968)

Please Note:

- (1) The committee needs to know who is planning to come and what they intend to bring, or if you are not sure what to bring, the committee can offer suggestions on what is needed.
- (2) Members are asked to bring favorite slides taken on this year's hikes or vacation trips. Please limit your presentation to about 5 minutes and identify your slides with your name.
- (3) Anyone wishing to help with the decorations etc. for the party please be there about 5:30 PM.
- (4) Anyone with greens or holly that they are willing to share please bring them along.

Blaze Orange Required For Hikers

The new Pennsylvania Game Commission regulations will require hikers to wear fluorescent orange. The last sentence of the new PGC Regulations that take effect in February, 2003 reads, ". . . those not engaged in hunting, trapping or fishing on State Game Lands from Nov. 15 through Dec. 15, inclusive, except for Sundays, must wear a minimum of 250 square inches of fluorescent orange on head, chest or back combined, or, in lieu thereof, a hat."

The best solution is not to hike in areas where hunting is allowed during any hunting seasons. Our Club's tradition of offering many hikes on Sundays helps keep us safe since most hunting is not allowed on Sundays in Pennsylvania.

If you do hike in Game Lands Monday through Saturday, SATC recommends that you wear orange whenever hunting is allowed. You can check out www.pgc.state.pa.us and find out what's in season. Various seasons begin as early as October 5 this year and continue through February 22. In addition, be aware that there is no closed season on some birds and mammals.

In the rare case that a Club sponsored hike crosses Game Lands between November 15th and December 15th, hike leaders must require that hikers have and wear sufficient orange. Violators of the regulation can be fined, would reflect badly on SATC, and, of course, risk being shot.

SATC has five fluorescent orange vests (purchased for the parking lot attendants at the 2001 Appalachian Trail Conference) available for Club members to borrow. Contact Katie Barker at 249-6727 or barkerk@dickinson.edu if you have a use for them.

HELP WANTED

SATC needs volunteers for these positions. If you're able to help or have questions about these jobs, please contact Katie Barker at 249-6727 or at barkerk@dickinson.edu.

Bushwack Bulletin Editor

Current editor Fred Cox has asked us to find a replacement. The editor compiles and edits the Bushwack Bulletin. Must be able to send and receive e-mail attachments. Microsoft Word and Publisher software helpful.

Membership Development Chair

This is a new position to help us serve new and old members more fully.

Above the Tree Line In Memory of Ralph H. Kinter

It is with sadness that we announce that Ralph H. Kinter, 87, died Wednesday, September 18th after being hospitalized for a short time.

In 1954, Ralph Kinter co-founded the Susquehanna Appalachian Trail Club with George Gruber and Earl Shaffer, legendary first solo through-hiker. Ralph and George outvoted Earl, allowing women to participate. This decision proved positive for Ralph: He met Anna, his wife-to-be on the Club's first hike. Ralph served as the Club's first president and worked hard at the group's first task, the relocation of 69 miles of the Appalachian Trail. Earl scouted the new route and Ralph mapped it.

Ralph helped build the first trail shelter in the area, the Clarks Valley Shelter. He was SATC's Trailmaster for eight years, Conservation Chair for three years and Editor of the Bushwack Bulletin for 16 years, only recently stepping down. He also maintained a part of the AT for 29 years.

Ralph worked to protect the AT on Stony and Sharpe Mountains in a protracted battle with PP&L, beginning in 1970s and not really ending until 1981. He helped protect AT again by testifying at the Trail Bill hearings and lobbied for 7 years for their passage, until they were signed into law in 1978. Seeing the need to unite the various trail clubs in PA, he co-founded the Keystone Trails Association in 1957, serving as its first president. At KTA's request, Ralph helped to form and serve as secretary of Pro-Trail, a group that helped to move the Appalachian Trail off the roadways through the Cumberland Valley and onto now-protected land.

Ralph's trail work has not gone unrecognized. A few years ago, he received a special award and plaque from SATC honoring his years of commitment to the club. In 2000 he was one of only 75 AT volunteers nationwide elected to the Appalachian Trail Conference 75th Anniversary Honor Roll, and received a wristwatch featuring the AT diamond. Last year the Central Pennsylvania Conservancy, another organization that he co-founded, named Ralph "Conservationist of the Year". He and Anna both received the Silver Volunteer Award that year from ATC, being recognized as having served the Appalachian Trail for more than 25 years. Just a week before he died, Ralph's name was submitted for a special award that honors those who have donated more than 4000 hours to the Appalachian Trail in their lifetime.

Ralph will be remembered for other accomplishments as well: His research and preservation of wetlands at Wildwood Lake, his many years with the Appalachian Audubon Society, his skill as a chess player, his detailed knowledge of bulk mail procedures, and his ability to get those who procrastinate to submit newsletter articles on time.

Ralph is no longer with us, but the organizations he parented still bring like-minded men and women together, still protect nature and trails, and still serve to share the beauty of the outdoors with others. Thanks, Ralph, for your legacy of wonderful friendships and of beautiful, protected trails in Pennsylvania.

Ralph is survived by his wife Anna and their son Russell. Anna's memory is poor and her understanding of Ralph's death uncertain, but she enjoys visitors. She is living at Grayson View, 150 Kempton Avenue, Harrisburg, PA 17111.

Appalachian Trail Notes The Mid-Atlantic Regional Meeting

On October 19th, representative of the clubs that maintain the Appalachian Trail in the middle third of the trail, including SATC, met in Boiling Springs. We discussed trail issues with Appalachian Trail Conference staff, volunteers and agency partners. Here's a sampling:

Archeological study continues at Fox Gap. The Civil War battle of South Mountain was fought here and 85 dead confederates were found in a farmer's well near the Trail.

The swamp at Pochuck is now crossed by a suspension bridge and a mile of specially constructed boardwalk, thanks to many thousands of volunteer hours.

AT clubs north of here in Pennsylvania have their hands full fighting a proposed driving range for high-end autos within "sound" of the AT.

The 'Presidential Ranger Corps Award' for 4000 hours of lifetime service will be going to 257 National Park Service Volunteers. 168 of them were volunteers just for the Appalachian Trail. Several were members of SATC.

Sewer construction at Pine Grove Furnace may re-route the AT in that park.

DCNR is seeking to protect the AT from ATV's by closing the top part of Swamp Road (Victoria Trail on north side of Peters Mountain) to motor vehicles.

park and forest rangers report trouble with a few "lost souls" or "walking homeless" on the AT.

ATV's are a problem for many AT Clubs, state parks and state forests.

The Tumbling Run section of the AT has been successfully acquired.

The new requirement for chainsaw certification prompted some to desire less frequent re-certification for experienced users. The requirement that saw users be First Aid and CPR certified still mystifies those who think that the person using the saw is most likely to be the victim.

Encroachment on boundaries of the Trail corridor is a big problem in many places including the Cumberland Valley. National Park lands of the AT have four times the boundary length of Yellowstone Park.

On holiday weekends, over 150 people camp at Annapolis Rocks near the AT in Maryland, without privies. The area is being rebuilt and will feature an on-site caretaker, John Wright.

A new funding process for all National Parks means that Club trail condition assessments will have to be updated in a new way.

The agreement that delegates responsibilities to the Appalachian Trail Conference and the maintaining Clubs is up for renewal and may be somewhat modified.

Rare, threatened and endangered plants have been surveyed along the entire AT. Trail maintainers have been notified about the locations of plants in their sections to prevent them from being damaged by trail maintenance activities like brush cutting. None of these plants were identified in SATC's section of the trail.

ATC AWARDS COMMITTEE

I have accepted the position of Awards Committee Chairperson. The awards committee has two main responsibilities. The first responsibility is providing recognition and appreciation to the tremendous number of SATC volunteers; hike leaders, trail maintainers, bulletin crew, social event organizers, board members, committee chairs, etc. Together we make up an absolutely amazing club with a multitude of committed volunteers.

The second responsibility is to implement the National Park Service Volunteer Recognition Program. SATC has made the decision to participate in this 4-tiered awards program that recognizes AT volunteers for the number of life hours that they have dedicated to oversight of the Appalachian Trail. The levels of awards are as follows:

8-99 hours – AT volunteer pin

100 – 499 hours – AT volunteer patch

500-999 hours – AT volunteer baseball cap

1000+ hours – AT volunteer fleece vest

Whereas the SATC awards are for a variety of club activities, the National Park Service awards are only for those activities that are dedicated to oversight of the Appalachian Trail.

Now for the hard part. How does SATC consistently track and document the number of hours that volunteers have dedicated to AT oversight? How does SATC do its best to recognize as many volunteers as possible – past and present? (The awards are for cumulative life hours).

In an attempt to answer both of these questions, I have developed a form for our AT volunteers to complete if they want to participate. The form, and directions for its use, is included in this quarter's bulletin. As forms are completed return them to me. They will be kept on file and you can update them as your hours increase. You may want to keep a copy of your form and as you enter another hour category make sure that you hand it to me.

Some items can only be ordered twice a year, on January 1 and June 1. If you qualify for an award I will need your completed form on or before December 20, 2002, for the first wave of awards that will be handed out at the spring banquet, and on or before May 1, 2003, for awards that will be handed out at the summer picnic.

Although much of the responsibility for applying for these awards will be on our individual volunteers, I will make every effort to recognize as many of our dedicated volunteers as possible. If you know of anyone who isn't reached by club efforts and is deserving of an award, please let me know.

If you are uncertain after reading the directions found in this bulletin whether or not your hours are eligible, please contact me at 766-1913 or jghiker@aol.com.

If you are uncertain about your AT maintaining hours, contact Jeff Buehler at 657-8281 or athikerJB@aol.com. Jeff has kept records since becoming the SATC Trailmaster.

Jane Greber, Awards Committee Chairperson
