GENERAL HIKE INFORMATION

1. MEETING LOCATION

Unless otherwise noted in the hike schedule, all hikes on weekends and holidays leave from **Fisher Plaza** (entrance to the State Library) behind the State Capitol Building. Should Fisher Plaza be closed, the alternate meeting site is the parking island in front of the East Gate Office Center on 7th Street, opposite the Herr Street underpass. Five additional minutes will be allowed at the alternate site.

2. TRANSPORTATION

If you ride with someone, you should give the driver **5 cents** times the highway mileage shown in the hike schedule to help defray the costs of transportation.

3. REGISTRATION

All hikers are asked to register with the hike leader at Fisher Plaza or at the trailhead before starting any scheduled hike. For safety reasons with **D and E grade** hikes, please register with the hike leader before arriving at the meeting location unless the leader has hiked with you previously and knows your abilities.

4. NO PETS ALLOWED

5. PACK IN, PACK OUT (LEAVE NOTHING BEHIND)

6. SMOKING GUIDELINES

The S.A.T.C. prefers that hikers refrain from the use of tobacco products during Club activities. Smokers are individually responsible for damage to the forests.

VOLUNTEER HOURS REPORT FOR 2002

The following is a breakdown of volunteer hours expended on trails that our club helps to build and maintain for the year 2002. These hours have been tallied from club worktrip logs/reports, time spent by participants at club and Appalachian Trail Conference planning meetings, and individual volunteers who have reported their hours. Hours include estimated travel time.

Appalachian Trail	872 hours
Victoria Trail	478 hours
Darlington Trail	92 hours
Horseshoe Trail	86 hours
Ibberson Conservation Area Trails	108 hours
Boyd Conservation Area Trails	78 hours

These volunteer hours will be reported to the Keystone Trails Association, which compiles hours from organizations and individuals on a statewide basis and forwards that total to the Commonwealth of Pennsylvania.

Jeff Buehler,
S.A.T.C. Trailmaster

FROM THE PRESIDENT

Dear SATC members,

First, please send in your SATC dues by March 31st. That's when the dues year ends for all members. Check your address label to see when your membership expires. If you send your renewal form and your banquet reservation form in the same envelope, you can write just one check and save the cost of the second envelope and stamp too!

On March 22nd, our banquet speaker, Bruce Dunlavy will be using two projectors to show us some special scenes of the Continental Divide Trail. The banquet will also see the first round of awards from the new "Hours of Service" program sponsored by the National Park Service as well as SATC's own awards.

New Bushwack Editors!

I'm pleased to announce that we have a new editor for the Bushwack Bulletin. Allison MacGillivray is a new member who has already been on several hikes. She moved here recently from New Zealand and will be working in Lemoyne for a dairy ingredients company until June 2005. Allison has previous experience including two years of typesetting and writing for her college magazine in New Zealand. She was also in a group that designed a volunteer newsletter for the Karori Wildlife Sanctuary in Wellington.

Allison will be assisted by Carole Baker, another new member who has newsletter (and trail maintenance!) experience and will be laying out and proofreading the hike schedule and sending it to Allison. Carole may also assist Allison in other ways. For the time being, Sam Barker will still compile the schedule and recruit leaders to fill in the holes.

Many thanks to Fred Cox for his excellent work as editor and his assistance in this transition. We're glad to have Fred stay involved by continuing to maintain the Club member database.

New Tools, New Trails

SATC trailmaster Jeff Buehler has used SATC funds and matching grant money from the Appalachian Trail Conference to purchase new trail tools. Purchases include picks, hammers, chisels and safety gear. Jeff reports that SATC workers put in 666.4 trail maintenance hours this past year, most recently on the Victoria Trail and the Ibberson White Tail Trail extension.

Trail Maintenance Leader Needed

We're looking for an SATC member to replace John Stein as trip leader for the maintenance of SATC's section of the HorseShoe trail. Contact John if you are interested or have questions about the job (533-3679). John plans to step down in September and will work with a replacement until then.

Two trail-celebrating events

SATC will mark National Trails Day, sponsored by the American Hiking Society, on Saturday June 7th with a special work trip to highlight the work volunteers do to keep our trails open. Ours will be just one of many NTD events held nationwide. In 2002, over 1 million trail users attended a National Trails Day event.

<continued next page>

We'll mark Pennsylvania Hiking Trails Week, May 10–18th, sponsored by the Keystone Trails Association and Pennsylvania's Department of Conservation and Natural Resources, with a special hike that we hope will inspire others to hike and care for our states many trails. See the hike schedule for details.

Downloadable Application and Map

Thanks to webmaster Pete Fleszar and to club member Rob Shaw, SATC's membership application can be downloaded from our website. If you meet someone who's interested in hiking, you can steer him or her to <http://www.libertynet.org/susgadc/join.html> so that they can send in their \$7 right away! The entire brochure, including the topographical map, for the recently relocated Darlington Trail is now on our website as well at <http://www.libertynet.org/susgadc/Darlington.PDF>.

Hike Leaders needed in New Hampshire

If you are planning to attend the biennial Appalachian Trail Conference in Waterville New Hampshire this summer (July 26 through August 1, 2003) and have some hike leading experience, consider contacting Ed Hawkins of the Appalachian Mountain Club to volunteer to co-lead, with an AMC member on one of the many hikes to be offered to participants that week. Ed can be reached at (603) 887-4948 or at hiker.ed@prodigy.net. Over 160 hikes of all levels of difficulty will be led that week, so they'll need lots of help. (We know this from having organized the hikes for the 2001 conference here in Pennsylvania!)

Volunteer Vacations

Want to travel in the U.S. and maintain trails too? Check out the American Hiking Society at <http://www.americanhiking.org/events/vv/index.html> and click on "search" (with or without specifying terms) to see the list of vacation work trips available. There's even one in Hawaii!

Did you know?

2002 Appalachian Trail thru-hiker Gary Monk clicked off every blaze as he hiked from Georgia to Maine. Counting double blazes as two, he found that our Trail is marked with exactly 82,366 white blazes!

The center of the AT is always moving, due to relocations. At last measurement, the official center point was almost exactly in front of the Ironmaster's Mansion Hostel at Pine Grove Furnace State Park and the official length of the trail was 2,172.6 miles. Of course that will have changed a bit by the time you read this!

See you on the trail!

Your president,

Katie Barker

Potomac Appalachian Trail Club

www.patc.net

The PATC wants to protect the Tuscarora Trail through land acquisitions, or purchasing easements or rights-of-way. In addition PATC wants to buy land that can be used for a cabin site. While not required, it would be good if the land for the cabin provided easy hiking access to the Tuscarora Trail. The club has a cabin "kit" in storage and wants to get it built before it deteriorates. If anyone becomes aware of land that would meet the above purposes they can contact Wilson Riley, Director of Administration at PATC Headquarters, 118 Park Street SE, Vienna, VA 22180, 703--242-0693.

Do You Want to Be a Landowner Along the Appalachian Trail? And Have a Home in the Woods!

Are you in a position to become a Conservation Buyer through the Appalachian Trail Conference Land Trust? Our program matches conservation buyers -- people like you -- with people who are selling land along the A.T. You locate your home or cabin out of sight from the Trail. All we ask is that you donate a conservation easement on the rest of the property. A conservation easement "runs with the land;" that is, no present or future owner can develop it!

AND, because an easement is an irrevocable gift of a property right, you get a nice income tax deduction equal to the value of the easement.

Three New Hiking Awards

The Youth Award, sponsored by the Keystone Trails Association (KTA) for ages 12 and under, requires that the child hike 25 miles on any trail in Pennsylvania.

The Pennsylvania Award will be offered by KTA to anyone who hikes 500 miles of trail found in KTA's Pennsylvania Hiking Trails handbook (for sale on the application form on the last page of this bulletin). Hikers don't have to hike an entire trail for this new award. Find info on KTA's other awards at <http://www.kta-hike.org/awards.htm>

The DCNR State Forest Challenge Award is a new recognition program for those individuals completing all 780 miles of Pennsylvania's state forest hiking trail system. "For many, hiking the entire system will be a challenge spread out over many months and possibly years," DCNR Secretary John Oliver said when announcing the program. "However long, it is a worthy accomplishment just the same, and one that should be applauded."

The 18 State Forest Hiking Trails are generally longer, more rugged wilderness trails than other hiking opportunities offered in Pennsylvania's state forests and parks. The 18 trails making up the state forest hiking trail system are the Baker Trail, Black Forest Trail, Bucktail Path, Chuck Keiper Trail, Donut Hole Trail, Golden Eagle Trail, John B. Saylor Memorial Trail, Lost Turkey Trail, Loyalsock Trail, Mid-State Trail, Old Loggers Path, Pinchot Trail, Quehanna Trail, Rocky Knob Trail, Susquehannock Trail, Thunder Swamp Trail, Tuscarora Trail, and the West Rim Trail.

Hikers completing all 780 miles of the system will be awarded a certificate, patch and ceremonial wooden walking stick at the Keystone Trails Association's annual dinner each fall. There is no requirement on sequence, direction, speed and length of time to complete the system. For more information, hikers can visit the PA PowerPort at <http://www.state.pa.us> PA Keyword: "hiking trails." The website provides links to information on each trail, and well as an application to claim the award. For more information, contact Matt Beaver at (717) 783-7941.

Six-year Experiment Ends; ATVs Banned from Rails-Trails

Dust, noise, trespass and safety problems doom sharing with bikers, walkers and equestrians

The Susquehanna County Rail-Trail Council included Snowmobile use in their master plan, with an excellent partnership with Northeast PA Sno-Trails snowmobile club. Many local ATV owners, however, were angered that they were not included. In response, RTC decided on an experiment to see if ATV use could be compatible with the walkers, equestrians and bicyclists on their popular rails-trails.

An ATV group agreed to regulate & patrol ATV use on the trail. 500 passes per year were issued by the ATV club for \$20 each. Despite an honest six-year effort, the dust, noise, trespass and safety issues could not be resolved; hiker and bicyclist users did not feel safe sharing a pathway with ATVs.

Lynn Conrad, RTC project manager, said "Our trails became overrun with ATVs, many of whom did not get the mandatory trail pass which also came with rules and regulations. "We began to lose our long-supportive members and many were afraid to ride bikes out on the trail."

The Rail-Trail Council voted 30 - 3 to ban ATVs on the Rails-Trails. A letter was sent to ATV clubs informing them of the reasons for the ban; the new regulations took effect on December 15, 2002. Ms. Conrad commented "I think the 'experiment' illustrates the need for ATV specific trails AND the need for stricter regulations. A small non-profit, volunteer-based organization could not safely handle the situation."

Trail Conservation Corporation was formed 10 years ago to assist the Rail-Trail Council with railbed acquisition. They succeeded in developing the D&H and O&H railroad beds into a popular Rails-Trails. Visit their website at <http://www.nepa-rail-trails.org>

State Forest Maps On-line

Pennsylvania's Department of Conservation of Natural Resources, DCNR, has now placed all of the state forest maps on their web site www.dcnr.state.pa.us/forestry/stateforests/maps.htm. This should be very helpful to hikers since DCNR has been revising and updating many of the maps in the past few years.

State Game Land Maps are also available at http://sites.state.pa.us/PA_Exec/PGC/SGL
