# GENERAL HIKE INFORMATION

## 1. MEETING LOCATION

Unless otherwise noted in the hike schedule, all hikes on weekends and holidays leave from **Fisher Plaza** (entrance to the State Library) behind the State Capitol Building. Should Fisher Plaza be closed, the alternate meeting site is the parking island in front of the East Gate Office Center on 7<sup>th</sup> Street, opposite the Herr Street underpass. Five additional minutes will be allowed for arrival at the alternate site.

## 2. TRANSPORTATION

If you ride with someone, you should give the driver **5 cents** times the highway mileage shown in the hike schedule to help defray the costs of transportation.

## 3. REGISTRATION

All hikers are asked to register with the hike leader at Fisher Plaza or at the trailhead before starting any scheduled hike. For safety reasons with **D and E grade** hikes, please register with the hike leader before arriving at the meeting location unless the leader has hiked with you previously and knows your abilities.

## 4. NO PETS ALLOWED

## 5. PACK IN, PACK OUT (LEAVE NOTHING BEHIND)

## 6. SMOKING GUIDELINES

SATC prefers that hikers refrain from the use of tobacco products during Club activities. Smokers are individually responsible for damage to the forests.

## CODES FOR THE HIKES

Code	Short Description	Miles	Climbs
A	Easy (excellent for beginners)	Up to 6	Very little
B	Fairly easy (good for beginners)	Up to 6	Some easy
B+	Moderate	Up to 6	More difficult
C	Fairly moderate	7 to 9	Very little
C+	Strenuous	7 to 9	Several significant
D	More strenuous	10 to 12	Very little
D+	Very strenuous	10 to 12	Several significant
E	Difficult	Over 12	Very little
E+	Very difficult	Over 12	Very rugged

In addition to assigning a code, hike leaders should describe the pace and footing where this is essential. For example: "Easy with moderate to fast pace" or "Easy with nature stops" or "Good footpath" or "Rocky and rough".

## FROM THE PRESIDENT

*Dear SATC members,*

### **New board member**

Please welcome Richard Green to the SATC board of directors. Richard has agreed to fill out the rest of Bob Keyes' term following Bob's recent resignation.

### **Holiday Party Highlights:**

Seventy-two Club members and guests played "people bingo," greeted old and new friends, composed a silly story and viewed some beautiful slides. Clarence Fredlund and Stan Rudisell's grandson tied for first place on musical chairs. Dick and Thyra supplied the turkey, Bob Keyes the Death-by-Chocolate ice cream and the Walshes brought shrimp. All the food was so good that Santa Claus even showed up! (Or did Sylvia Miller have something to do with that?) Can we persuade Sandy Kittle to coordinate the event again next year? I hope so, and I hope that you'll be there too.

### **National Trails Day**

Come celebrate National Trails Day with SATC by helping to maintain the Appalachian Trail. The American Hiking Society coordinates and publicizes events like this one around the country on the first Saturday in June of each year. Check out the June 5<sup>th</sup> entry in the hike schedule for the details. This should be a fun way to give back to the trail.

### **Other Improvements at Route 225 AT Crossing**

The parking lot and driveway at the north end of the new Appalachian Trail bridge have been repaired, with many thanks to Karen Lutz at the Mid-Atlantic AT office for obtaining the funding. The repairs had been needed for a long time. SATC's Tom Scully will plant the areas on both ends of the bridge, which have been disturbed by the construction work or covered with invasive species, with seedlings this spring.

### **New Directory**

Many thanks to Fred Cox, Rob Shaw and Susanne Donmoyer for putting together the SATC directory. They did a great job!

### **Banquet**

I hope that we'll have an especially good turnout for the SATC banquet this year as we celebrate the 50<sup>th</sup> anniversary of the founding of the Susquehanna Appalachian Trail Club. We'll have a DJ and dancing, a display on Club history, election of officers and a tribute to past leaders of the Club. See the article on page 10 for details.

### **KTA and Endangered Trails**

Committee members of the Keystone Trails Association met in January to discuss the work made on the proposals developed by the Endangered Trails Committee. The two main issues look to be the hiring of an executive director who will raise money and attempt to influence legislation in favor of hiking trails and new by-laws that will change KTA's government structure so that the executive director can be more easily supervised while allowing KTA's current work to flourish.

### **Boundary Blazes**

The boundaries of National Park Service Appalachian Trail lands are being inspected and marked with yellow blotches this year by SATC member Tom Scully.

*(continued next page)*

### Thanks from Me to You

At the annual banquet in March, a new SATC president will be elected, so this is the last time that I'll write "From the President."

Seven years ago, Thyra Sperry, after asking me more than once, persuaded me to take the job of vice president. I agreed because I knew that I'd have good people to work with on the Board and as other volunteers. My prediction was true. SATC volunteers are great! Every time a volunteer was needed, at least one person stepped forward. We have a great Club with great volunteers who give so much time and energy. During my time with the Club and serving on the board, I've hiked and maintained so many good trails and made so many good friends. Were it not for this Club, I might never have gotten to know my wonderful husband, Sam, or given birth to our beautiful daughter, Kelly. Thanks so much to all of you and all the best to Barb Harvey, president nominee. I know she'll do a great job!

*Your president,*

*Katie Barker*

## CLUB NOTICES

### Above the Tree Line

**David Whitmoyer**

**January 10, 1952 – November 19, 2003**

We are sad to announce the death of SATC life member David Whitmoyer. David joined the Club eleven years ago and especially enjoyed long-distance hikes. He will be fondly remembered by many of us. A donation will be made in his name to the memorial fund of the Appalachian Trail Conference.

### Route 225 Pedestrian Bridge Now Open

On November 8th, 2003 the Appalachian Trail pedestrian bridge across Pennsylvania Route 225 was successfully dedicated. About 100 members of the hiking community and local area attended and the event was featured on local news. The cutting of a decorated vine with loppers marked the official opening, followed by all 100 attendees swarming across the bridge. In planning the event, Barb Harvey, Thyra Sperry and Katie Barker enjoyed getting to know some members of the York Hiking Club who maintain the AT on the other side of the bridge. Many thanks to the SATC members who helped to plan and carry out the event:

Susan Atkinson

Susanne Donmoyer

Carl Lorence

Jane Webster

Sam Barker

Barb Harvey

Anna Pruett

Will Webster

Jeff Buehler

Sam Harvey

Thyra Sperry

Lee Casher

Bob Keyes

Linda Suarez

And of course thanks to Karen Lutz from the Mid-Atlantic Appalachian Trail office for keeping her sense of humor while dealing with the enormous amount of paperwork and many delays that preceded the successful construction of the bridge. The final cost of the bridge was \$262,614 with most of the money coming from a TEA-21 Transportation Enhancement grant. Hikers now have a safe way to cross a dangerous highway and a beautiful view from the bridge as well.

# Trailmaster's Report

## Volunteer Hours for 2003

The following is a breakdown of the number of volunteers and volunteer hours spent working on trails that our Club helps to build and maintain for the past year. These hours have been tallied from Club work trip reports and individual volunteers who have reported their hours. Travel time is estimated. Volunteer hours are reported to the Keystone Trails Association, which compiles hours from organizations and individuals on a statewide basis and forwards that total to the Commonwealth of Pennsylvania.

<u>Name of Trail</u>	<u>Trail Miles</u>	<u>#Volunteers</u>	<u>Hours Worked</u>	<u>Hours Travel</u>
Appalachian Trail (PA RT 225 to 325)	9.6	16	319.0	74.5
Victoria Trail	2.4	2	10.0	3.0
Whitetail Trail (Ibberson Cons. Area)	1.2	5	226.0	62.0
Darlington Trail (AT to Tower Road)	7.5	8	180.5	37.5

In addition to these hours worked "in the field" on our trails, volunteers also contributed 418 hours participating in various trail related meetings (including travel time) and trail related public information work.

## Recognizing Our Volunteers

Although the number of volunteers participating in Club work trips dropped off somewhat last year, those that did come out made some outstanding contributions to our hiking trails. They are recognized and thanked here.

**Tom Scully**, who in addition to participating in most Club work trips, continues to put forth an extraordinary effort in scouting and building new trails. He currently is working hard on building an extension of the Whitetail Trail in Ibberson Conservation Area adjacent to our Club's section of the Appalachian Trail. He is also working on updating one of the AT maps for this area for the Keystone Trails Association. If that wasn't enough, he is also our Club AT Monitoring Coordinator and has recently repainted boundary blazes along the National Park Service boundary for the AT corridor protecting some of our Club's section of the trail.

**Richard Barrick**, who has been helping to maintain the Darlington Trail for many years. He puts in a large number of hours clearing the trail of debris and cutting out blow downs with his chainsaw. He does this in addition to the many volunteer hours he devotes to the Cumberland Valley AT Club and working on their section of the AT. Without Dick's constant vigilance in keeping the Darlington Trail clear of obstructions, hikers would have a much less pleasant experience on this trail.

**Tim Bachmann, Gary La Belle, and Jeff Willard**, these three "regulars" on many Club work trips in the last few years have contributed many hours of tough physical rockwork labor on various trails. Many very big rocks have been moved and/or used for steps because of them. Their trail work projects should last for many decades.

**John Stein**, although he recently gave up his longtime position in the Club as our Horse-Shoe Trail Chairperson, John coordinated for many years the work of maintaining a 7.4 mile section of this trail between the SATC and the Horse-Shoe Trail Club. He led many trail maintenance trips to work on our Club's section of the trail and put in many individual efforts in not only keeping the trail blazed and clear, but was also instrumental in finding a new route for the trail when private landowner concerns forced some of it onto roads.

The Club also thanks all the volunteers who managed to come out on our Club sponsored work trips in the past and to those who work independently on our hiking paths. Hopefully many old and new volunteers can help out with our Club trail work projects in the future.

## *Meeting – West Shore Senior Citizens' Center*

### *April 13, 2004 at 7pm - All Welcome!*

*Meeting program: Layers of History - The Cold Springs Hotel Site by J.M. Logan and J.C. Logan*

Understanding the now-overgrown Cold Spring hotel site involves peeling back several layers of history from the 1850s to the present. The slide and narration program will use maps, letters, deeds, advertising flyers, photographs and oral history to help trace the chronology of this most remote and unusual location of Lebanon County.

J.M. Logan is a graduate of Millersville University and a retired teacher of environmental biology for 33 years. He is currently a part-time volunteer field research assistant with the Nature Conservancy and the Ned Smith Center. His interests in Stony Valley history and historical photography have drawn him to this project.

J.C. Logan is a graduate of East Stroudsburg University and is currently employed by the Derry Township wastewater treatment facility. He is also a volunteer educator and Northern Saw-whet Owl bander with the Ned Smith Center for Nature and Art. His interests in local history, genealogy and deed research have drawn him to this project .

## **REPORT OF THE NOMINATING COMMITTEE**

By-Laws Concerning the Nomination and Election of Officers and Directors:

### **Section 1      *Nominations***

The President shall appoint a nominating committee, which shall be chaired by a non-officer member of the Board of Directors, not later than sixty (60) days before the next succeeding annual meeting. The nominating committee shall notify all Club members of the nominated persons at least thirty (30) days before the annual meeting. The nominating committee is limited to one nomination for each office and non-officer directorship. Additional nominations, which are reserved to the membership at large, may be submitted in writing to the nominating committee until one week prior to the annual meeting. No nominations are to be made nor accepted from the floor at the annual meeting.

### **Section 2      *Election of Officers and Non Officer Directors***

Election shall be at the annual meeting. If there is more than one (1) nominee for any one office or non-officer directorship, the election shall be by secret ballot and by plurality vote.

### **Section 3      *Term of Office***

Officers shall be elected biannually, but the President and Vice President shall in no event serve more than two (2) consecutive two (2) year elected terms in their respective offices. The Secretary and Treasurer may serve successive terms without limitation. Non-officer members of the Board of Directors shall be elected by class to serve a two (2) year term, but they shall in no event serve more than two (2) consecutive elected terms.

## NOTICES FROM OTHER HIKING CLUBS & AROUND PA

### **Eighth Year of Keystone Trail Crew Set**

Keystone Trail Crew, sponsored by KTA, will again have three weeks of volunteer hiking trail maintenance in the month of June. The workweek will run from Wednesday through Sunday.

Dates:	June 2-6	Pinchot Trail
	June 9-13	Mid State Trail Northern Extension
	June 16-20	Chuck Keiper Trail

Meals and lodging/campsites will be provided. If you can spare a week, volunteer a weekend or come for just a day or two, please think about signing up. No volunteer will be turned away.

Forward all inquiries to Joe Healey, 93 Cedarwood Drive, Laflin, PA 18702, e-mail [jnlhealey@aol.com](mailto:jnlhealey@aol.com) or feel free to call at (570) 655-4979. Detailed information and a map directing you to the respective lodging/campsite will then be forwarded.

### **Do You Want to Be a Landowner Along the AT? And Have a Home in the Woods!**

Are you in a position to become a Conservation Buyer through the Appalachian Trail Conference Land Trust? Our program matches conservation buyers -- people like you -- with people who are selling land along the AT. You locate your home or cabin out of sight from the Trail. All we ask is that you donate a conservation easement on the rest of the property. A conservation easement "runs with the land;" that is, no present or future owner can develop it!

AND, because an easement is an irrevocable gift of a property right, you get a nice income tax deduction equal to the value of the easement.

Contact Bob Williams, Director of Land Trust Programs, at [bwilliams@appalachiantrail.org](mailto:bwilliams@appalachiantrail.org), (304) 535-6331, or write to P.O. Box 807, Harpers Ferry, WV 25425.
