GENERAL HIKE INFORMATION

1. MEETING LOCATION Unless otherwise noted in the hike schedule, all hikers meet at **Fisher Plaza** (entrance to the State Library, access from 7th Street) behind the State Capitol Building. Should Fisher Plaza be closed, the alternate meeting site is the parking island in front of the East Gate Office Center on 7th Street, near Herr Street. Five additional minutes will be allowed for arrival at the alternate site.

2. TRANSPORTATION If you ride with someone, you should give the driver **10 cents** times the highway mileage shown in the hike schedule to help defray the costs of transportation.

3. REGISTRATION All hikers are asked to register with the hike leader at Fisher Plaza or at the trailhead before starting any scheduled hike. Some hikes require advance registration with the hike leader. Please check the schedule for this requirement.

4. DOGS PERMITTED ONLY IF NOTED IN THE HIKING AND ACTIVITIES SCHEDULE

5. PACK IN, PACK OUT (LEAVE NOTHING BEHIND)

6. SMOKING GUIDELINES SATC prefers that hikers refrain from the use of tobacco products during Club activities. Smokers are individually responsible for damage to the forests.

CODES FOR THE HIKES

The first number shows the hikers' expected PACE

- 1 - Leisurely: nature or historical walk; frequent stops for observation
- 2 - Moderate: steady, 1 to 2 miles per hour (mph)
- 3 - Brisk: steady, 2 to 3 mph
- 4 - Fast: 3 to 4 mph; very short breaks; an anaerobic workout

The letter (second code) explains the general TERRAIN

- A - Solid pavement/sidewalk
- B - Soft ground/sand/carriage trails; nearly level; few rocks or obstructions (roots)
- C - Some rocks/roots/obstructions; climbs and descents totaling up to 1000 feet possible
- D - Steep hills, rocks/roots/obstructions likely; frequent climbs and descents with a total of more than 1000 feet
- E - Extremely difficult; some or all of these features possible or likely: rough footing (rocks, roots); unbridged stream crossings; non technical rock climbing/scrambling; boulder fields; bushwhacking; individual climbs and descents over

The second number (third code) shows the HIKING MILES.

Highway (hwy) miles are the number of roundtrip driving miles from the meeting place to and from the hiking area.

September 2006 Hiking in Northern California

- A National Seashore with a lighthouse, elevations to 1400 feet, a tectonic boundary and 150 miles of hiking trails.
- A land of volcanoes, hot springs, lakes, waterfalls and another 150 miles of hiking trails.

If you would like to hike in places like these, you can find them in Northern California. Particular possibilities would be Pt. Reyes National Seashore, Lassen Volcanic National Park (described above), Pinnacles National Monument and perhaps a grove of coast redwoods. A longer stay could also include Yosemite. **There has already been sufficient**

**Finger Lakes Trail Weekend
Schuyler County, New York
July 28, 29, 30 (Tentative)**

Experience great hikes on the North Country National Scenic Trail (aka Finger Lakes Trail) and other footpaths in and around Watkins Glen and Montour Falls, N.Y., 200 miles north of the Harrisburg area. Car camp with tents at a quiet town park with hot showers and a scenic surprise (\$15/site/night. Need to pay 2 weeks in advance.). The scenic splendors include a 12-mile point-to-point downhill hike (one difficult stream crossing) on Saturday, and a 6-mile loop on Sunday. Possible 4-5 mile flat historic hike (with waterfalls) on Friday. There are many wineries nearby you can visit on your own if you like. Cook or buy your own meals. Wal-Mart Supercenter and fast food restaurants are within 4 miles of campground. We pass two Wegmans on the way there. We will be about ½ hour from brewpub in Corning and about ½ hour from college town of Ithaca with many restaurants. No dogs. For more details check online at <http://www.fleszar.org/flt2.htm>.

Please contact leaders if interested: Krista Cessna and Peter Fleszar, 583-2093, peter@fleszar.org

John Stein led eight hikes during these months. Barb Harvey wishes to extend a special thanks to Pat and John Zinn for leading their hike that she and her husband, Sam, were unable to lead.

To those who maintained our Farm Show booth: Carl Lorence, Erika Lorence, Gloria Grabenstein, Anne Tantum, John Zerphy. Also, thanks to those who volunteered, but were not called due to the unexpected, shortened schedule.

To our Hike Leader Panel at the Members and Guests' Meeting: Randy Greber, Will Webster, Barbara Van Horn, Katie Barker, and Frank Bohn

To those who organized and helped with our Holiday Party.

And to all of the officers and board members, those serving on committees and those doing specialized tasks.

FROM THE PRESIDENT

Dear SATC Members,

Please mark your calendars! Starting in March, the SATC begins to hike the Pennsylvania part of the AT at the Pennsylvania southern border. We will do the hikes the second and fourth Saturday of every month. Check the bulletin or our web site for details. The KTA offers a badge for completion of the AT in PA. Let's have a big turn out!

The mayor of Harrisburg is proposing windmills close to Dehart Dam. Please keep up with the news on this. It could impact our section of the AT. But remember if we didn't use so much electricity there wouldn't be a need for more generating capacity.

Has everyone been conscious of saving energy? Remember to walk if the destination is only a couple of miles. Dry all of your clothes outside in nice weather. Keep the thermostat for heat at 68 degrees. Conserving energy is everyone's job.

Happy Trails,

Barb Harvey

2006 Keystone Trails Association (KTA) Spring Meeting and Hiking Weekend

50th Anniversary Celebration

Friday, April 7 through Sunday, April 9
Penn Wells Hotel, 62 Main Street
Wellsboro, PA

Once again, the KTA will conduct a hiking weekend in Wellsboro, PA. When you arrive, you may sign up for several of the many available hikes on this weekend. The hiking weekend will kick off with a three-mile hike at 3:30, Friday afternoon.

Plan to attend as many hikes as your schedule allows and plan to attend the 50th Anniversary Dinner and Birthday Party on Saturday night, April 8. The event will celebrate the 50th year since the KTA was started in 1956 to provide hiking clubs and other outdoor organizations an umbrella organization in which clubs could work together to enhance hiking and hiking trails in Pennsylvania. Saturday night's buffet will be followed by a slide show and the opportunity to browse through some of our members' photos and other memorabilia. The state DCNR Secretary, Michael DiBeradinis has been invited as keynote speaker.

This year, there will be an additional program on Friday night. Scott Brown, author of *Pennsylvania Waterfalls: A Guide for Hikers and Photographers* will speak that night.

The KTA has reserved the entire Penn Wells Hotel and Lodge for this event. Registration at the Penn Wells for the weekend is available only in advance through the KTA. Please do not call the hotel for reservations. A registration form is available in the Spring KTA newsletter or on the KTA website at www.kta-hike.org. Reservation requests are filled on a first come, first serve basis. A full weekend package costs \$125 for one individual and \$170 for two. The full weekend package includes two nights' lodging, Saturday bag lunch, Saturday banquet buffet, and Sunday breakfast and registration fee. Single night lodging is available. Please see the KTA newsletter or web site for additional information. Directions and additional lodging and dining facilities are listed in the KTA newsletter.

Wilderness First Aid Course – March 18-19, 2006 in Harrisburg

An eighteen-hour class in Wilderness First Aid, a program of the Wilderness Safety Council, will be conducted in Harrisburg, PA. The course includes classroom study, hands-on practice, and results in a two-year certification. The cost is \$160. Registration is on a first-come, first-served basis. For additional information phone (703) 836-8905 or visit <http://wfa.net>. SATC will reimburse ¾th of the course expenses for two “hike leader” members. Please register with the Wilderness Safety Council, take the course, and then submit proof of course completion and course cost to the Board Treasurer, Richard Sis. If you have any questions, regarding the reimbursement procedure, please contact the Treasurer at 774-0196.

This Year's Budget

At the October 13, 2005 Board Meeting, the Board approved a budget for the period April 1, 2006 to March 31, 2007. The Board budgeted \$9,175 expenses and \$6,750 revenue for the fiscal year. The shortfall will be met with our fund balance shown in the Treasurer's Report. We budgeted \$3,825 for the Bushwack Bulletin and Directory, which is the largest budgeted item. **We will be looking into putting the Bulletin on our web site and/or emailing the Bulletin to members to save costs. The Board wishes to discuss these options with our membership at our Annual Membership Meeting and Banquet on March 25.**

CLUB SNIPPETS

Brandy Watts to give presentation on Rausch Gap

On March 19 at 1:30, Brandy has an upcoming presentation on Rausch Gap at the Lebanon County Historical Society. More information may be obtained on the events page of her website: <http://home.earthlink.net/~brandy-comicsandpp>.

In addition, Brandy has a number of 'history hikes' on our current Hike and Activities Schedule. On March, she leads a short hike through the Mt. Gretna Prison Ruins. Then on April 2, she hikes through the ruins of the Kalmia Switch back area. Finally, on Mothers' Day, May 14, she takes us on a historical walk from Cold Spring to Rausch Gap. Check the Hike and Activities Schedule for additional details.

SATC participates in Farm Show event

SATC members helped operate a PA Department of Health booth at January's Farm Show in Harrisburg. Our volunteers, who are listed in the "Thank You" section, promoted healthy living by walking and hiking. Handouts included the SATC and Capitol Green Belt brochures and various State Park maps.

There was a steady line of show attendees who often engaged in conversation about our Club. Many of them took our brochure that includes our membership application. One volunteer brought a KTA book on PA trails and showed people how close some of the trails are to their homes. Many people were not aware that there are many hiking trails close to where they live. This new awareness, according to our Membership Chair, made this a productive event.

Although we were originally scheduled for the entire Farm Show, the Department of Health cut back our hours until we had only 2 ½ days. We had plenty of volunteers scheduled, but only needed a few. Working the entire Farm Show would have been far more beneficial for our hiking club.

Work in Progress - Bulletin on our web site

Our webmaster, Peter Fleszar, is putting archived editions of past three years our Bulletin on our web site. Check our web site. These Bulletins may already be accessible online or may be in the near

future. Additionally, if the Club has your email address on our database, you may receive a copy of the Bulletin via email. These are work-in-progress projects that the Club, at the present time, is experimenting with.

As mentioned in our Banquet notice, the Board wishes to discuss these electronic Bulletin ideas with its members at the March 25 Banquet. Please bring your ideas.

Hike Leaders give ideas at Members' Meeting

Hike leaders young and old held a panel discussion on hike leadership at the January Members and Guests' Meeting. We hope that the ideas presented were helpful to those who are considering leading a hike. We learned how to pack our bags with the idea of staying in the woods overnight, if necessary. We hope this panel will meet again soon at one of meetings to give us more hike leadership tips. We thank Kris Kyler for organizing and moderating this event and our panel: Randy Greber, Will Webster, Katie Barker, Barbara Van Horn, and Frank Bohn.

Awards Extended to Trail Workers

In addition to awarding hike leaders, our Board decided to extend the awards to our trail work volunteers. The long overdue awards will be given at our March 25 banquet at the Peachtree. In another development, the awards for hike leaders and trail workers will now be based on the calendar year instead of the fiscal year (April – March). The plan to award members for attending the most club hikes and hiking the most miles on club hikes proved difficult. You will probably not see these awards at this year's banquet, but the Club will attempt to have these awards in place for next year's banquet.

SATC welcomes new Database Manager

The SATC welcomes, Ilse Heine, our new Database Manager who has been a member of our club for a number of years. Ilse has been grooming dogs and cats for about 20 years. She now shears alpacas and llamas as well. Oh did I mention she also works full-time. Other interests include riding a motorcycle, kayaking and, of course, long-distance hiking. She resides with several dogs, a cat, and her husband Phillip in Palmyra. As Database Manager, she brings extensive knowledge of the

computer with her. Fred Cox, a former Database Manager is currently showing Ilse "the ropes".

Also, the Club recently formed a Database Committee to establish procedures, control content and periodically check database operations. Katie Barker and Kris Kyler will serve on this committee

and Fred Cox, a former database manager will attend the first meeting. ". Our database is essential to many functions of the Club. We need it to keep track membership dues and to provide a mailing list for this Bulletin and Directory among other functions.

Report of the Nominating Committee

By-Laws Concerning the Nomination and Election of Officers and Directors:

Section 1 Nominations

The President shall appoint a nominating committee, which shall be chaired by a non-officer member of the Board of Directors, not later than sixty (60) days before the next succeeding annual meeting. Time: 6:30

Cost: No upfront fee or reservation required. You may order from the menu and pay for your food and drinks individually.

Our Annual Meeting to elect Officers and Directors.

The Board wishes to discuss electronic options for our Bushwack Bulletin such as emailing them to members and/or putting it on our website.

Awards and recognition this year will be extended to our trail work crew volunteers and trail maintainers.

Paul Zeph, Director of the Audubon Society's Kittatinny Ridge Conservation Project, will speak on the Ridge's value and its future. Paul has worked as an environmental educator and conservation professional for over 25 years.

Winding 185 miles through 11 counties in Pennsylvania, The Kittatinny Ridge (also known as Blue Mountain) is an extremely important habitat area for migrating hawks, nesting songbirds, large mammals and many other forms of wildlife. As the largest forest area in central and southeast Pennsylvania, it is an extremely valuable recreation corridor for hikers, bird-watchers and hunters, and provides some of the best scenic vistas in eastern and central Pennsylvania. Paul's program includes many beautiful photos from throughout the Ridge corridor, current threats and work underway to help conserve it for wildlife and people.

Directions: From I-83, take Exit 50B, Progress. Proceed approximately one mile and turn right at Progress Avenue. The restaurant is just past Wendy's on the right.

From I-81, take Exit 69, Progress Avenue. Turn right and proceed approximately one mile. The restaurant is just before the Wendy's on the left.

KTA and Link Trail Hiking Club offer a Rock Work training weekend

There will be a combined KTA/Link Trail Hiking Club training weekend on May 5, 6 and 7 at Getty Ridge Cabin near McAlevy Fort. A basic course on Rock Work will be taught by John Motz to include both classroom and practical work. A "free will" offering will be taken for the food which includes Friday evening snacks, pancake and sausage breakfasts on Saturday and Sunday, a lunch of soup and sandwiches, and Saturday dinner of spaghetti and meatballs and salad and all the other trimmings. Plenty of bunks and tent space are available, however, the course is limited to about the first 25 to register with either:

Will the AT be Blowin' in the Wind?

First, we had the military trying to take a chunk of mountain real estate, then the Vartan Group proposed to build luxury homes up in the hills. Now the City of Harrisburg has been given a grant to study the feasibility of building a wind farm on Harrisburg Authority land on the ridges above the DeHart Dam in Clarks Valley. The City would like, if the study proves its economic feasibility, to erect from 12 to 30 large windmills on or near the crests of Peters and Stony Mountain and a new transmission line to carry the electricity seven miles to the nearest grid.

The study will require the placement of a tower somewhere on top one of the mountains to determine if the wind will turn the turbines often enough to be profitable. Preliminary estimates

suggest that if wind velocity is high enough to spin the windmills' turbines 180 days a year, the city could generate about 30 megawatts of electricity annually. The wind strengths on the ridges above the DeHart Dam range from 12.5 to 15.7 that the U.S. Department of Energy rates as only marginal to fair. The city wants to sell the electricity to a utility, but would need a way to carry the electricity from the mountain to the energy grid. This may be the most critical part of the economic feasibility of this project.

In this same area, a section of the AT, which our club maintains, winds down Peters Mountain across Rt. 325 and up Stony Mountain. The AT passes just east of the DeHart Dam. This project, if carried to fruition, will directly affect our Club far more than the other recent proposals for land use. Our Club will need to decide if wind farms are necessary especially in this outstanding hiking area that includes the AT and many other access trails.

Trailmaster's Report by Jeff Buehler, SATC Trailmaster

Club Work Trips

We had great turnouts of volunteers for some Club work trips lately. Two work trips in November, held on Sundays so as not to interfere with the hunting season, saw groups of 14 and 12 volunteers working on a relocation of the Appalachian Trail (AT) just north of PA Rt. 325 (Clark's Valley Road). The one-mile relocation on the north slope of Stony Mountain, will, when finished, eliminate about the same distance of the trail that now follows an old dirt road that has become eroded. Volunteers helped build new side hill trail; constructed turnpike and drainage channels

through a wet area; and did some rock work through a boulder field and at a small stream crossing. This is an ongoing project and will be done along with other AT rehabilitation work on Stony/Sharp Mountains the club is now responsible for.

We also had a "call-up" work trip on a balmy Saturday in January to work on a short relocation of the Shikellimy Trail on the south slope of Peter's Mountain. It's a one-mile long, blue-blazed side trail that connects the AT on the top of Peter's Mountain to Pa Rt. 325 in Clark's Valley. The existing trail terminates at the eastern edge of the private Camp Shikellimy grounds where there is no safe parking. The relocation will put the entire trail in state game lands and the trailhead will be about .2 mile farther east on the north side of PA Rt. 325 across from a parking pull-off area. Thirteen volunteers came out on short notice to work on building some beautiful new side hill trail and rock steps. Some participants climbed the mountain to install some new rock water bars for erosion control on the existing trail. We'll probably have this project done by the spring and hopefully will get permission to place proper signage to indicate the trailhead location for trail users.

Trail Crew Volunteers

I would like to thank the many volunteers that come out on SATC trail work trips and make-up the "Trail Crew". We have a dedicated bunch of club members that come out regularly to work very hard on maintaining trails and building new trail sections. We also get many new club members or guests out on work trips in which it is their first club activity and, amazingly, they come out again on another work trip! I give SATC President Barb Harvey the names of volunteers who participated on work trips as she likes to recognize them in the Bushwack Bulletin each quarter along with all the other volunteers doing various club activities. I would like to also recognize a few volunteers here that have given an exceptional amount of time and effort in trail work to our club the past few years. A BIG thank you to Tim Bachmann, Gary LaBelle, Park Trullinger, and Jeff Willard for all the great rockwork you guys have done on various local trails over the past few years. They have put in many additional hours beyond club work trips producing high quality work which will be tread upon by trail users for many years to come. Thanks also to Tom Scully for the tremendous amount of trail work he provides to the SATC in scouting out and laying out new sections of trails, writing up the necessary paperwork for trails, helping to build the trails, and helping me lead club work crews on them.

Trail Maintenance Expenses

Trail maintenance expenditures for 2005 totaled \$409.02, which includes new trail hand tools, safety glasses, work gloves, and expenses related to the upkeep of Peter's Mountain Shelter & privy.

ATC Mid-Atlantic Crew

SATC has requested ATC's Mid-Atlantic Crew (MAC) for Fall 2006 to once again help us out on major AT rehabilitation work on Sharp Mountain in State Game Lands #211, north of Harrisburg. We will continue with the drainage work we started last fall on the trail between the Yellow Springs Trail intersection and the Cold Spring Trail to the north.

We are tentatively approved for the first two weeks of the Crew's eight-week schedule. The dates are:

Week #1 – Aug. 31, 2006 to Sept. 4, 2006 (Thursday-Monday)

Week #2 – Sept. 7, 2006 to Sept. 11, 2006 (Thursday-Monday)

Look for more information in the next Bushwack Bulletin.

Chainsaw Safety Equipment from ATC

As reported in the last Bushwack Bulletin, four SATC members took an Appalachian Trail Conservancy (ATC) sponsored chainsaw certification course last fall along with participants from other AT maintaining clubs. All AT certified chainsaw sawyers now receive Personal Protective Equipment (PPE) that includes a full sawyer hardhat with ear protection, a pair of sawyer chaps, safety glasses, and a first aid kit at no cost. The ATC orders and supplies the PPE to each AT maintaining club for further distribution to club members who become certified sawyers. The ATC has received funding in the form of National Park Service grant money obtained by the Appalachian Trail Park Office (ATPO) to help pay for PPE.

Volunteer Hours Report

Each year the SATC, along with all the other AT maintaining clubs, reports the number of AT volunteers and the total number of volunteer hours expended on the AT during the past federal fiscal year, to the Appalachian Trail Conservancy (ATC), which is the non-profit organization with overall delegated responsibility for management of the trail. They in turn report the total to the National Park Service (NPS) who administers this national scenic trail. All hours for fieldwork, time spent traveling to and from work sites, time spent in meetings for AT-related planning, or other Trail-related administrative work is reported.

Under the NPS's Volunteers in Parks (VIP) program, volunteer's work done on the AT and its connecting side trails on NPS, state, or private lands can be reported.

Here are the figures reported by the SATC for the fiscal year that began Oct. 1, 2004, and ended Sept. 30, 2005:

Number of Volunteers - 62

Number of Trail-Work Hours – 1073

Additional hours (meetings/office time) – 317

Additional hours (travel) – 264

Total VIP hours – 1654

Trail Sign Maker Needed

SATC needs a volunteer or volunteers to make trail signs for placement on sections of trails the Club is responsible for maintaining. We are looking for someone that can make rustic wooden signs with routed letters. Owning and having some experience using a router would be helpful. The Club would purchase materials needed. A SATC Master Sign List is being updated to include our additional trail section responsibilities. The list includes information for each sign that is needed such as the elements (wording), size, location, and type of sign. If interested, please contact Jeff Buehler, SATC Trailmaster, 657-8281, ATHIKERJB@AOL.COM

Shelter Committee Chairperson Needed – Contact Jeff Buehler, Trailmaster
Club Historian Needed – Contact Barb Harvey, President
Mid-Atlantic Partnership Committee Member Needed – Contact Barb Harvey, President

NPS Hours of Service Awards Program

The National Park Service has created an Hours of Service Award program designed to show its appreciation for the incredible number of hours that volunteers have dedicated to the AT. There are four levels of awards:

8-99 hours – AT volunteer pin; 100 – 499 hours – AT volunteer patch; 500-999 hours – AT volunteer baseball cap; 1000+ hours – AT volunteer fleece vest
 Eligible hours **must** relate directly to the oversight of the Appalachian Trail.

If you would like to submit your hours to the National Park Service for an award please contact Pat Zinn, Awards Committee Chair. If you need help determining the number of maintenance or conference hours you have volunteered, please contact Jeff Buehler. Jeff will tally the hours of each volunteer on our work trips. Those who have enough hours could then apply for the Hours of Service Award.
