Turn right, back to P.A. #1 & cars	2.86 mi.	ar at Parking Area #3.....	2.02 mi.

MEMORIAL LAKE STATE PARK is one of our smallest State Parks. Consequently, the trails are few and short. Yet when one has just a few hours it makes a very pleasant place to relax.

The Park has picnic facilities, as well as boating facilities, and is serviced by five good sized parking lots, which we have numbered 1, 2, 3, 4 & 5.

The trails are short running between the parking lots, but one can circle the lake by walking along the roads.

The road around the west side of the lake is one way.

We have given some examples of hikes in this area, all of which are short, level, and "A" grade hikes.
